HILLINGER'S CALIFORNIA

Charles Hillinger knows California probably as well as any other writer alive. For 45 years the award winning feature writer wrote thousands of stories of 58 California counties for the Los Angeles Times, stories that were syndicated to 600 newspapers. After covering the Chinese highlights from his new book, Hillinger's California. Stories from 58 counties, he will talk about the many other Chinese feature stories he has written for the Times.

Come hear the man Charles Kurult described as "a hero of mine" who was "always on the go, like the other well-known traveling writers of our time."
